

CHRISTINE SCHUHMANN

Staging, Technical Requirements and Hospitality

STAGE:

- ◆ Minimum size: 10' deep x 10' wide, preferable 16' high
- ◆ No obstructions are permitted on stage in front of Christine during her performance
- ◆ Minimum 2' x 8' table at side of stage (for selling CDs)

LIGHTING:

- ◆ Good general stage wash (shadowless and bright)

SOUND:

- ◆ 1 wireless high quality vocal microphone
- ◆ Reverb: vocal requires a warm reverb (2.5s, similar to cathedral or plate) when singing and dry when talking
- ◆ 2 monitor loudspeakers on stage
- ◆ 1 professional CD player at the board
- ◆ Adequate sound power for size of venue/audience
- ◆ Sound system must be set up in stereo
- ◆ Mixer board should be located opposite of stage, behind the audience, operated by Christine's technician, and, if necessary, in co-operation with on-site technician to monitor show

HOSPITALITY:

- ◆ A private and clean dressing room, in close proximity to stage, set with one table & 2 chairs, coat rack/hangers, mirror, bathroom
- ◆ Pre-arranged hot meals and soft drinks would also be very much appreciated

Please call (204-348-7206) or e-mail hermann@christineschuhmann.com to discuss or reconfirm all the above.

If no sound system is available at venue, we can supply our own at an additional cost (limited to an audience of approximately 250 and **not applicable when we fly in**). If above requirements are not fulfilled, we cannot be held responsible for inability to perform, for delays and other problems due to improper execution of minimum requirements.
